This user guide provides basic procedures to Ombudsman Coordinators on using the CG Ombudsman Registry. These procedures include registering users, adding units, assigning Ombudsman and Commanding officers to units within the registry, sending broadcasts, and running reports.

1.1 Ombudsman Registration

Ombudsmen cannot register or assign themselves to a command. The Ombudsman Program Manager, Commanding Officer/Officer-in-Charge, Command Designee, Regional Ombudsman Coordinators, and HSWL RP Ombudsman Coordinators have the ability to register and assign Ombudsmen to their unit(s). Per COMDTNST 1750.4 (series), it is the command’s responsibility to ensure that their command is registered, Ombudsman/Ombudsmen are assigned, and worksheet data is submitted.

1.2 Coordinator Registration

This will assist you in maintaining a current Ombudsman roster as required by COMDTNST 1750.4 (series).

Registering Ombudsmen at the completion of CG Ombudsman training is one way to ensure Ombudsmen are assigned to their unit. Coordinators can only assign Ombudsmen who are assigned to a unit located in their AOR. If you have Ombudsmen from another AOR attend your training, forward the Ombudsmen information to the servicing HSWL RP Ombudsman Coordinator, who can enter them into the Ombudsman Registry.

With broadcasts you can send real time information and resources about the CG Ombudsman Program to ensure quicker delivery to CG families. The broadcast system does not limit the number of attachments; however, it is recommended that the total attachments do not exceed 20MB. Broadcasts cannot be sent to anyone outside a Coordinator’s AOR. Broadcasts are sent by email and will display on registry user’s dashboard during the publish and expire dates. 1.14 Count Reports

Each listing can be downloaded into an Excel spreadsheet. When exporting an Excel spreadsheet, all columns will be exported. Unwanted columns can be deleted after download.

1.15 Worksheet Statistics

Every HSWL Ombudsman Coordinator has the capability to monitor the Worksheet Statistics for their area of responsibility by going to the reports tab located on your dashboard.

Worksheet Statistics report shows the worksheet totals that your Ombudsmen have submitted for any given period of time. The totals will be for the current calendar year. To review numbers for a previous calendar year, use the date range feature to specify the desired report period. You can also use the date range feature to select a specific period in the current calendar year as well. Here you can request a report for a specific date range and can monitor the number of inquiries and different types of categories that are being reported. This will assist leadership in understanding the current needs of their command family members.

1. If the command has more than one Ombudsman assigned, the system will take care of combining all worksheets together while showing the total statistics.
2. If an ombudsman is assigned to more than one unit, they must complete an Ombudsman Monthly Worksheet for each command that they are assigned. For example, Command A and Command B have agreed to share Command A Ombudsman. Command B must be registered and the Ombudsman assigned to their command in order for him/her to complete a monthly worksheet for that command. If commands decide to combine the worksheets into one worksheet, then the other command worksheets still need to be completed; however, only a zero needs to be entered into the worksheet.
